2014 ISSST

2014 International Symposium on Safety Science and Technology (2014ISSST) will be held at Beijing Xijiao Hotel, in Beijing, China, November 4–6, 2014. The Symposium is a continuation of the previous eight international symposia held in Beijing (1998 and 2000), Tai'an (2002), Shanghai (2004), Changsha (2006), Beijing (2008), Hangzhou (2010) and Nanjing (2012) respectively. The aim of the Symposium is still to provide an

up-to-date discussion in the field of safety science and technology. All papers intended to be presented at the symposium will be published in *Procedia Engineering* by Elsevier.

Subjects and topics

Papers will cover fundamental aspects, technical approaches and/or the related areas as follows:

- Theories and methods of safety science
- Safety assessment and risk analysis
- Prevention of fire, explosion, dust and ventilation
- Safety management, education and training
- Public safety
- Methods for reliability and probabilistic and non-probabilistic safety assessment

Registration fees

The registration fee is US\$500. This includes one copy of the Proceedings of the Symposium, banquet, meals, coffee breaks and the tour after the technical session. The fee for each accompanying visitor is US\$250. This includes banquet, meals, shopping guide and the tour after the technical session. Additional fees are charged for special functions.
